FACULTY

Saint Stanislaus, among the oldest of Southern Prep schools, was founded by the Brothers of the Sacred Heart in 1854. The School of Character had its phase of growing pains as evidenced by the various factors impending its growth.

At the turn of the century, disaster, in the form of fire, struck the shore buildings, which were burned to the ground. Earnestly, the Brothers started working on new buildings, which presently face the Gulf.

Throughout its 113 years of existence, SSC has been blessed with many wise administrators. Brother Peter, president of the College in 1926, made the school nationally renowned through his famous "boyology" talks.

Under Brother Alexis, the new kitchen and dining room was erected in 1949. Brother Roland saw to the construction of the infirmary building which was erected in 1959 and the newly completed Aurelian Hall.

SENIOR CLASS OF 1967

Nineteen hundred and sixty-seven . . . this year you graduate. Soon you shall step forward to assume the responsibilities of manhood for which you have been prepared here at St. Stanislaus.

The past now stands before us as a tapestry woven with the many threads of joys and sorrows, success and failures, laughter and tears. Of youthful experiences, these have become in reality the "good old days" from which you have emerged victorious. However, with the aid of moderating hands you have fashioned into an exquisite pattern overshadowed by the ideals of Christian manhood that will influence your future lives.

As you leave ably equipped, spiritually, intellectually, and physically, leave with confidence in your new endeavors.

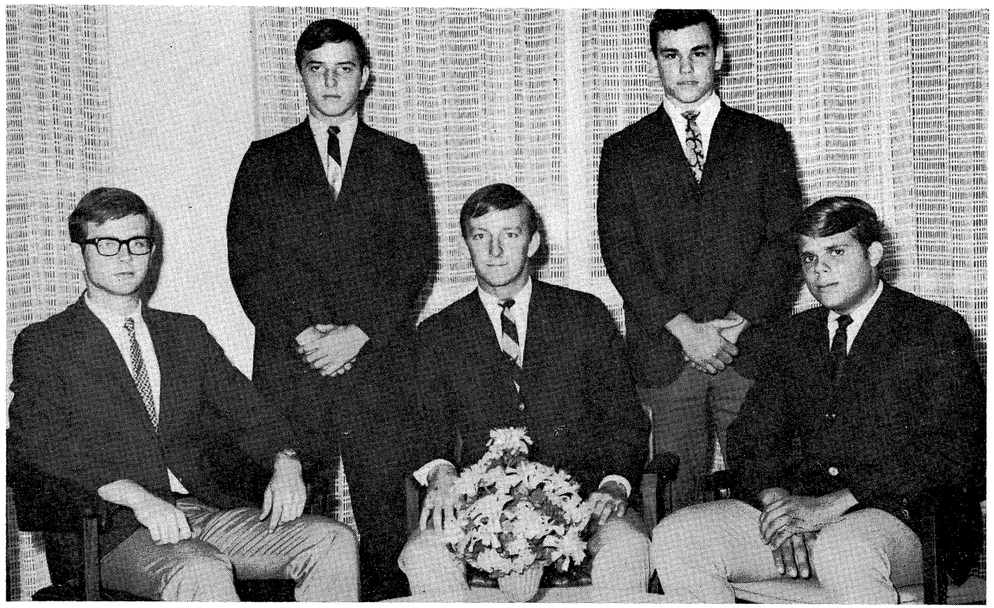
Student Organizations

Organizations at SSC are an important pathway through high school. School organizations help a student exercise his interests and become a working part of the school community. They enable him to obtain experiences in fields that are not formally taught in the classroom. Here he applies what he has learned in his formal education.

Here at SSC, students are able to develop their physical abilities by participating in interscholastic activities, such as football, basketball, track, baseball, and the band. Through the Confraternity, students spiritually develop their minds and souls by performing various Christian deeds. The Student Council enables a student to become more civic-minded by rendering dedicated services to both the school and the community.



Student Council officers for 1966-67 are: Larry Toal, Ronnie Genin, Pat Quinlan, Mike Meyers, and Weldon Frommeyer
